

ALICE CHRISTINE D'SOUZA

Art Project Portfolio
2015 – 2025

Alice Christine D'Souza

Art Project Manager & Coordinator | 10 Years Experience

PROFESSIONAL JOURNEY

Overview

An Art Projects & Operations Lead with a ten-year track record of orchestrating complex cultural footprints. Proven expertise navigating multi-vendor coordination, strict production timelines, and high-volume public engagement.

Career Timeline

- **2024 – 2025 | Art Project Manager | Subodh Kerkar Studio** – Led on-site project coordination for India's first contemporary beer museum, bridging architectural layout with large-scale sculptural installation.
- **2018 – 2024 | Lead Event Manager & Creative Co-Founder** – Executed large-scale festival operations, art exhibitions, interior spatial design, and international artist collaborations. Co-founded a design boutique directing sustainable material procurement and artisanal production.
- **2015 – 2017 | Museum Operations Assistant | Museum of Goa** – Managed audience experience, archival asset logging, curated exhibition tours, and spatial layout preparation for major contemporary art displays.

THE BEER MUSEUM

Role

Lead Art Project Manager (2024–2025) | Subodh Kerkar Studio | Goa, India

Directed end-to-end lifecycle management and on-site spatial coordination from initial breaking of ground.

Project Overview

Managed on-site production and spatial execution for India's first large-scale contemporary beer museum. Collaborated directly with architects, structural engineers, and artists from day one of construction to translate technical blueprints into physical gallery spaces, build specialized sculpture bases, and oversee artwork fabrication.

Key Achievements

Successfully aligned curated artistic visions with architectural load-bearing metrics for monumental installations, while streamlining vendor procurement and cross-functional timelines from blueprint to handover. Supervised heavy-site production crews to enforce safety compliance, directed project interns, and spearheaded the systematic digitization and digital inventory tracking of a 30+ year legacy art collection.

BEACH ART & PERFORMANCE INSTALLATIONS

Role

Art Project Manager (2024-2025) | Dr. Subodh Kerkar's Studio | Goa, India.

Commanded end-to-end operational workflows, participant logistics, and site production for a series of high-profile public art performances by Dr. Subodh Kerkar

Project Overview

Managed the multi-site logistics for artist Dr. Subodh Kerkar's large-scale public beach installations, known for blending monumental land art with social commentary. Coordinated directly with studio production teams, university student groups, and public participants to execute major performance works including Aaghosham, Oceanic Prayer, Five Setting Suns, Sea Anemone, and Sunbathing.

Key Achievements

Streamlined on-site production timelines and safety protocols to ensure flawless live execution and public crowd control on installation days. Coordinated complex participant networks, oversaw custom costume fabrication workflows, and successfully delivered immersive experiential programming that deeply engaged diverse communities and institutional partners.

ART FOR SUSTAINABILITY PROGRAM

Role

Community Programmes Lead (2025) | Museum of Goa MOG) | Goa, India

Spearheaded a high-impact, community-wide outreach and institutional arts education initiative.

Project Overview

Managed the on-site production, multi-venue school networks, and operational logistics for the 'Art for Sustainability' program, an institutional community outreach initiative conceptualized by artist and MOG Director Sharada Kerkar. Collaborated closely with school boards, administrative staff, and volunteer facilitators to coordinate daily museum transport, deliver curated educational tours, and run hands-on, upcycling art workshops designed to democratize art access for public school students across Goa.

Key Achievements

Orchestrated end-to-end logistics to engage over 2,000 public school students across 15 municipal facilities. Systematized daily operational workflows to seamlessly balance guided educational curation with interactive, creative workshops, while managing external catering networks, asset allocation, and cross-functional team schedules under strict project timelines.

GOA: SUBODH KERKAR'S CANVAS (BOOK PUBLICATION)

Role

Art Project Manager (2025) | Dr. Subodh Kerkar's Studio | Goa, India.

Directed end-to-end archival data collection, print production liaison, and public launch event execution for a retrospective studio monograph.

Project Overview

Managed the foundational data gathering, asset coordination, and public launch logistics for the publication of "Goa: Subodh Kerkar's Canvas". Collaborated directly with the lead editor to source, verify, and deliver comprehensive studio artwork details and archival data.

Key Achievements

Successfully met tight print production deadlines by cross-referencing and delivering decades of studio media assets. Orchestrated complete on-site logistics, print vendor specifications, VIP guest relations, and promotional community outreach, ensuring flawless operational execution and high attendance on launch day.

SUSEGAD SIOLIM CAFÉ (GOAN-THEMED CAFÉ)

Role

Art & Spatial Design Project Lead (2023) | Goa, India

Co-designed, sourced, and executed a boutique commercial hospitality concept from initial vision through to final turnkey handover.

Project Overview

Partnered with contemporary artist Bhisaji Gadekar to transform a 15-year-abandoned bar into an authentic boutique Goan café under strict "no-construction" and budget constraints. Preserved the space's original character, keeping the authentic red cement floor, original clay roof tiles, and vintage bar counter untouched. Curated an ambiance of understated Goan heritage using local eco-materials (bamboo, coconut shells, clay artifacts, reclaimed wood) and custom warm lighting.

Key Achievements

Delivered a turnkey spatial and interior transformation from concept to final handover, demonstrating high-impact design execution while honoring the original architecture and regional identity.

MOTOVERSE (ROYAL ENFIELD)

Role

Interactive Workshop Designer & Lead Facilitator (2022 & 2023) | Goa, India

Conceptualized, scaled, and managed interactive high-capacity sustainability workshops within a major automotive lifestyle festival.

Project Overview

- **Festival Scope:** Designed and executed large-scale, sustainable art workshops across 2 editions of Motoverse – Royal Enfield’s flagship 3 day automotive and lifestyle festival in Goa.
- **Concept & Upcycling:** Created motorsport-themed walk-in activities, including clay helmet painting and miniature bike crafting using scrap chains, nuts, bolts, and bottle caps.
- **Operations & Leadership:** Managed full booth setup, material sourcing, and site operations, leading assistant artists through high-volume, 6–8 hour daily shifts.

Key Achievements

- Scaled Engagement: Expanded participant reach by over 130% across 2 editions (from 300 participants in 2022 to 700 in 2023).
- Brand Experience: Delivered a high-value, hands-on sustainability touchpoint that offered festival-goers a quiet, creative 45-minute pause.

LALALAND FESTIVAL

Role

On-Site Event Coordinator (2023) | Goa, India

Commanded pre-production planning, multi-vendor operations, and full production crew workflows for a Netherlands-founded festival in Goa.

Project Overview

Served as the sole on-site coordinator in Goa for Lalaland Festival, founded by Noreen Van Holstein, a cross-cultural arts and lifestyle festival spanning visual arts, music, performance, and wellness. Independently handled permissions, vendor coordination, and site planning ahead of the international team's arrival, then led the full production crew and artist lineup on-ground. Coordinated around 15 stalls of sustainable art and food, alongside a schools outreach initiative with One Earth Foundation across four institutions.

Key Achievements

Ensured a seamless festival launch and operational continuity through solo execution of pre-production logistics before the wider team arrived. The schools outreach translated sustainability awareness into hands-on action, with around 300 students segregating dry waste in exchange for festival access, extending the event's impact beyond its attendees.

BAMBOO COSTUME INSTALLATION

Role

Artisan Liaison & Design Assistant (2021) | Goa, India

Translated conceptual performance art sculptures into natural garments for a premier institutional group exhibition.

Project Overview

The project was Second Skin II, a sculptural installation by Bhisaji Gadekar for the "Retellings" exhibition at Sunaparanta Goa Centre for the Arts. Over two months, we constructed five bamboo outfits shaped like the human form. Engineering rigid bamboo to mimic fabric silhouettes required rigorous trial and error. I also independently designed one pink sculpture using natural dyes.

Key Achievements

This project beautifully merged my professional design training with my deep village roots, honoring the labor of a generational Goan craft. By adapting traditional bamboo weaving into fine-art sculptural installations, we helped a fading regional craft find an entirely new, contemporary identity. The most personally rewarding aspect was witnessing the master weavers from my community see their heritage skill elevated into a major gallery space.

LET LOVE BLOOM (CORONA QUILT PROJECT)

Role

Event Project Coordinator (Sunaparanta Goa Centre for the Arts) (2021) | Goa, India

Artists & Collaborators: Dia Mehta Bhupal & Neha Modi, Sunaparanta Goa Centre for the Arts & Immaculate Conception Church, Panjim, Goa

Project Overview

- **Concept:** Coordinated a six-part quilt installation shaped like a flower garden as a metaphor for love, resilience, and community rebuilding.
- **Community Outreach & Production:** Gathered personal narratives on 15 x 15 inch cloth squares across Goan communities while managing teams of welders, carpenters, and tailors.
- **Heritage Management:** Safely engineered and mounted the display across the historic church steps without damaging the landmark.

Key Achievements

Unveiled 3,000 distinct stories, creating a powerful public monument that remained on view through January 2022 and transformed a historic architectural site into an interactive public art spectacle that fostered collective healing, community unity, and hope.

CARPET OF JOY (LAND ART INSTALLATION)

Role

Museum Assistant & On-Site Project Lead (2017) | Dr.Subodh Kerkar Studi, MOG | Goa, India.

Served as the primary operational liaison managing on-site workflows, community stakeholder networks, and production logistics.

Project Overview

Managed the end-to-end physical staging, multi-venue school networks, and administrative logistics for artist Dr. Subodh Kerkar’s Carpet of Joy. Staged near the Saligao, the high-impact eco-art project was inspired by Israeli architect Uri De Beer’s Plastiflora and was designed to activate empty roadside landscapes into vibrant, public environmental awareness zones.

Key Achievements

Successfully coordinated the collection, painting, and structural configuration of over 150,000 repurposed plastic bottles into a 100-meter-long physical installation. Partnered directly with the Saligao Panchayat, corporate sponsors like Putzmeister, and 10 regional schools to seamlessly mobilize, schedule, and lead over 2,000 student volunteers under strict timelines.

CORE SKILLS & EXPERTISE

Project Management

Core Execution: Leading teams, tracking daily deadlines, managing production budgets, and coordinating directly with suppliers and construction contractors on-site.

Creative Direction

Spatial Design: Reading architectural blueprints, designing interior layouts, styling commercial spaces, and handling on-site art curation and staging.

Community Engagement

People Logistics: Managing large festival crowds, coordinating hundreds of student volunteers, handling VIP guests, and organizing school outreach tours.

Sustainability Focus

Eco-Friendly Operations: Sourcing local materials, designing upcycled workshops, minimizing site waste, and turning raw scrap materials into art installations.

THANK YOU. LET'S CONNECT.
